

Using our new Patient & Visitor Wi-Fi

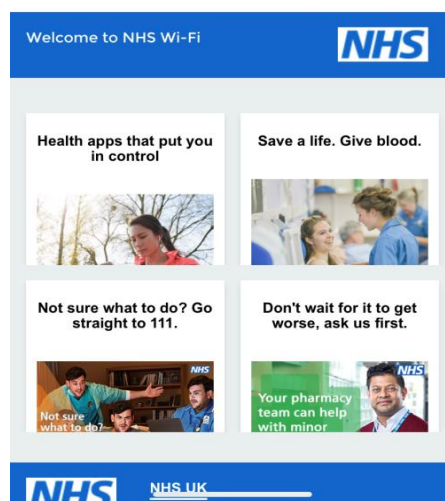

North Bristol
NHS Trust

North Bristol NHS Trust has just updated its Wi-Fi system, giving patients and visitors easier access to improved services. Please follow these 3 simple steps to access NHS Wi-Fi using your phone or tablet.

1. On your device, search for and select 'NHS Wi-Fi' in the normal way you'd search for available Wi-Fi networks. You'll be then presented with the NHS Wi-Fi landing page, as follows:

2. Please read our 'Acceptable Use Policy', and click 'Accept' if you agree.
3. Once accepted, you will be presented with the trust's home page and granted internet access on your device.

If you require assistance, please ask a member of staff.
