

Cleft Collective Speech and Language Study Monthly Update!

Issue 27, February 2019

Percentage recruitment by site and time

We thought you might be interested to see how your recruitment has varied over the time you have been involved with the study.

This graph shows 100% recruitment for each site split by year.

Key:

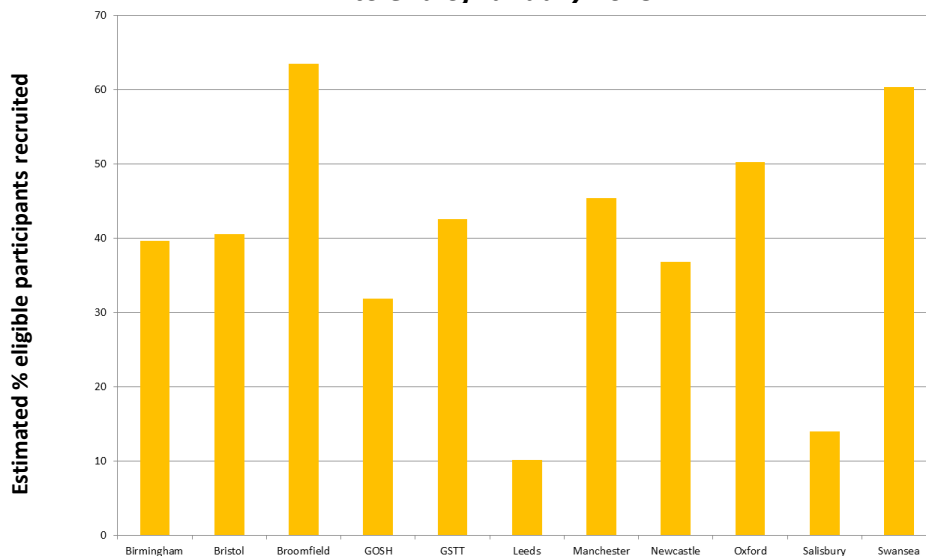

- Blue = 2015
- Red = 2016
- Green = 2017
- Purple = 2018

You have recruited **156** participants in **2018**.

We are all really pleased to hear that many sites have reached your trust agreed targets! But please do carry on recruiting as the target for the study over all is much higher than the targets for each site combined. Thank you!

Estimated percentage of eligible participants recruited at each site to end of January 2019
