

Cleft Collective Speech and Language Study Monthly Update!

Issue 40, April 2020

**Number of participants recruited since last update
(March 2020)**

Thank you for all your help with checking the recruitment figures of LPMS!

Please note that the Cleft Collective team and all of BSLTRU are still working and the Cleft Collective continues to be available as a resource for you at this time.

For information on what data are available and how to access, visit <http://www.bristol.ac.uk/dental/cleft-collective/professionals/access/>

We send all of you and your families, your teams, and the children and families you support our very best wishes at this difficult time.

Do contact Yvonne if you have any questions,

Yvonne.wren@bristol.ac.uk

As a result of the pause in recruitment, this will be the last update until services are running again.

Some sites may have sent consent forms in the early part of March that we haven't received yet as a result of the lockdown at the Cleft Collective offices.

For example, we can already see from CPMS figures that two families who have been recruited from Bristol and Nottingham in March are not showing in the graph as we have not yet been able to receive those consent forms.

We will pick these up when we are back in the office.
