

# Cleft Collective Speech and Language Study Monthly Update!

Issue 10, July 2017

## Number of participants recruited in June 2017

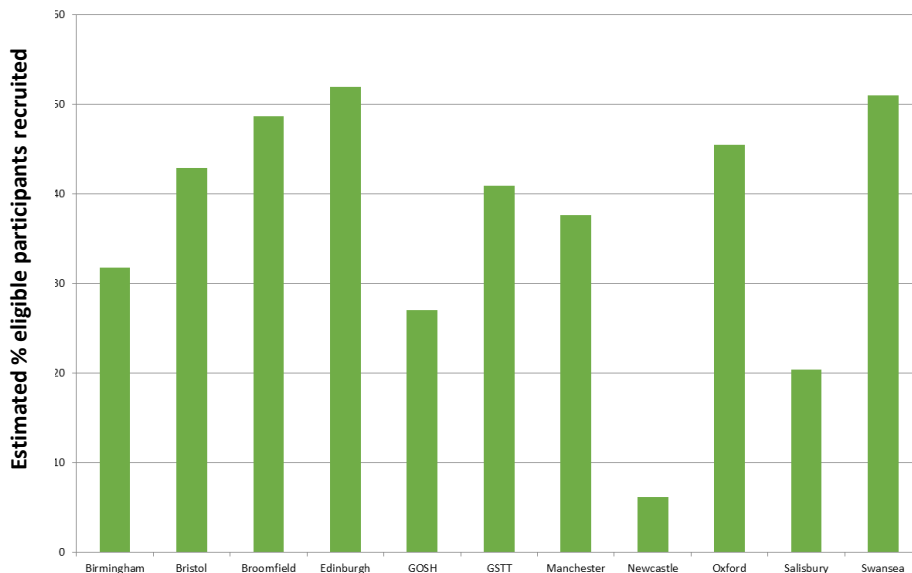

The recruitment in June has propelled the study through the **400** recruits line, a **third** of our recruitment target!!

Congratulations on our best month this quarter!  
Worthy of particular note are the first recruits from Newcastle!

## Estimated percentage of eligible participants recruited at each site to end of June 2017

We are still waiting to hear back from the Health Research Authority (HRA) about the substantial amendment to extend recruitment to the end of September 2019. This should be straightforward though. As soon as we have written confirmation we will pass it on.

Please do get in touch with us if you need any resources, or if you have any questions.
