

# Cleft Collective Speech and Language Study Monthly Update!

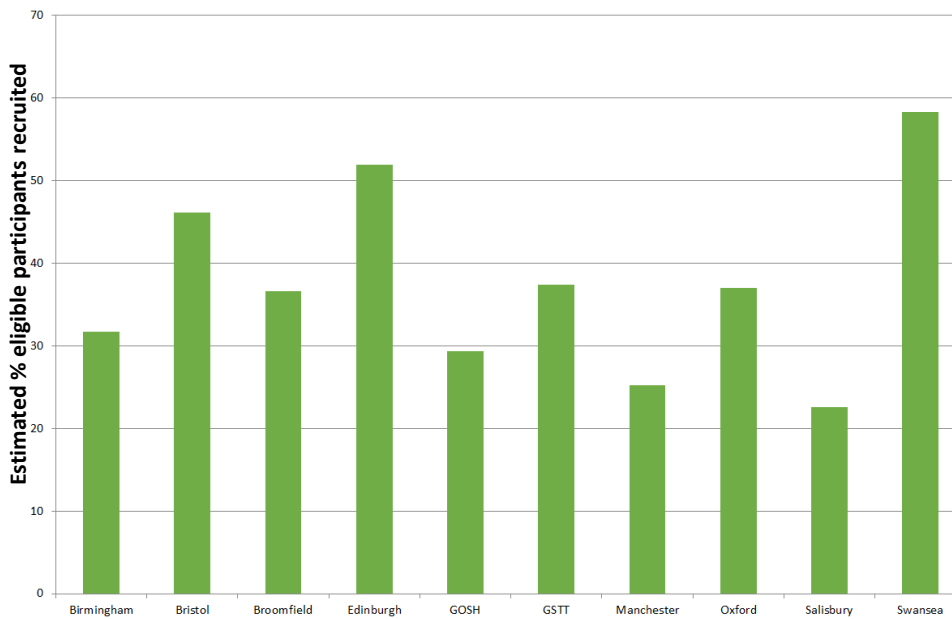

Issue 6, March 2017

## Number of participants recruited in February 2017

February proved to be challenging for the majority of sites. So a huge well done to those that recruited. If there are any issues that we need to be made aware of please do email Sam at the address below.

## Estimated percentage of eligible participants recruited at each site to end of February 2017

*We are still waiting to hear back from the Health Research Authority (HRA) about the substantial amendment to extend recruitment to the end of September 2019. As soon as we have written confirmation we will pass it on.*

*Pictured above is Fay Smith the research administrator at the Bristol Speech and Language Therapy Research Unit, and the person who collates all the packs that you need for the speech study!*

*As always please do get in touch with us if you need any resources, or if you have any questions.*
