

Department of Clinical Biochemistry

Extension to Scope of Accreditation

Severn Pathology will comply with the requirements of all relevant regulatory bodies and is committed to the use of examination procedures that will ensure the acceptable quality of all tests performed and are fit for their intended use.

The accredited scope of activity for the department is available on the UKAS website in our [Schedule of Accreditation for Laboratory 8071](#). From time to time, amendments to this scope may be required, examples include addition of new tests or changes to test methodology. In such cases, the department will apply for Extension to Scope from UKAS. The following tests are currently in this process.
