

Pathology Guide to the Best Dressed Tubes

Apply ICE labels over the label already on tube right up to the cap

Barcode labels need to be straight

Leave a window at the back so the blood volume is visible

The following fashion statements are not appropriate for work and are likely to result in delays:

Wrinkly

Cinched belt

Topsy Turvey

Off the shoulder

Biggle's Scarf

The wrap around

Turtle-neck

Get it straight – reduce the wait!
