1. Purpose

- 1.1 The Audit & Risk Committee is established to be a sub-Committee of the Trust Board and is the Board assurance committee for risk management, internal audits, external audits and counter fraud.

2. Authority

- 2.1 The Audit & Risk Committee is a sub-group of the Trust Board from which it receives its authority. Its constitution and terms of reference shall be as set out in this document, subject to amendment.

3. Duties

- 3.1 The primary role and function of the Committee is as follows:

3.1.1 Integrated Governance, Risk Management and Internal Control

- 3.1.1.1 The Committee shall review the establishment and maintenance of an effective system of integrated governance, risk management and internal control, across the whole of the organisation's activities (clinical and non-clinical), that supports the achievement of the organisation's objectives.

- 3.1.1.2 In particular, the Committee will review the adequacy of:

- All risk and control related disclosure statements, in particular the Annual Governance Statement attached to the Annual Report and Accounts, together with any accompanying Head of Internal Audit Statement, external audit opinion or other appropriate independent assurances, prior to submission to the Trust Board.
- The underlying assurance processes that indicate the degree of the achievement of corporate objectives, the effectiveness of the management of principal risks and the appropriateness of the above disclosure statements.
- The policies for ensuring compliance with relevant regulatory, legal and code of conduct requirements and related reporting and self-certification
- The policies and procedures for all work related to counter fraud, bribery and corruption as set out in the NHS Standard Contract and as required by the NHS Counter Fraud Authority 7.3 In carrying out this work the Committee will primarily utilise the work of internal audit, external audit and other assurance functions, but will not be limited to these sources. It will also seek reports and assurances from directors and managers as appropriate, concentrating on the over-arching systems of integrated governance, risk management and internal control, together with indicators of their effectiveness.

- 3.1.1.3 This will be evidenced through the Committee's use of an effective assurance framework to guide its work and that of the audit and assurance functions that report to it.

- 3.1.1.4 The Committee shall also ensure that the Trust has robust risk management systems and processes in place and shall receive a regular report setting out all Trust Level Risks and the Board Assurance Framework. The Committee will actively seek assurance that:

- an up-to-date risk register is maintained, and that relevant staff are able to access the risk register to raise concerns and know that concerns will be reviewed and addressed.
- act as the forum for risk to be discussed, and ensure that where serious concerns are raised, action is taken, and that action plans are carried through to completion, and the reporting loops closed. This may be progressed directly by the Committee or via

delegation to other key committees (see below). In doing so, the Committee will ensure that there are robust links with clinical and non-clinical directorates to ensure a culture of effective risk management is present throughout the organisation. 7.6 As part of its integrated approach, the Committee will have effective relationships with other key committees - for example the four other assurance committees of the Trust Board - (Finance and Performance, People, Charity, Quality, and Patient and Carer Experience Committee) so that it understands processes and linkages. These other Committees must not usurp the Committee's role.

3.1.2 Internal Audit

3.1.2.1 The Committee will ensure that there is an effective internal audit function that meets the requirements of the Public Sector Internal Audit Standards 2017 and provides appropriate independent assurance to the Committee, Accountable Officer and the Trust Board. This will be achieved by:

- Considering the provision of the internal audit service and the costs involved.
- Review and approving the annual internal audit plan and more detailed programme of work, ensuring that this is consistent with the audit needs of the Trust as identified in the assurance framework and with reference to the risk register.
- Considering the major findings of internal audit work; and management's response to recommendations made.
- Ensuring co-ordination between the internal and external auditors to optimise the use of audit resources.
- Ensuring that the internal audit function is adequately resourced and has appropriate standing within the organisation.
- Carrying out an annual review of the effectiveness of internal audit.
- Regular monitoring of key performance metrics aligned to the delivery of the service.

3.1.3 External Audit

3.1.3.1 The Committee will review and monitor the external auditors' independence and objectivity and the effectiveness of the audit process. In particular, the Committee will review the work and findings of the external auditors and consider the implications and management's response to their work. This will be achieved through:

- Considering the appointment and performance of the external auditors, as far as the rules governing the appointment permit.
- Discussing and agreeing with the external auditors, before the audit commences, the nature and scope of the audit as set out in the annual plan.
- Discussing with the external auditors their evaluation of audit risks and assessment of the Trust and the impact on the audit fee.
- Reviewing all external audit reports, including the report to those charged with governance (before its submission to the Trust Board) and any work undertaken outside the annual audit plan, together with the appropriateness of management responses.
- Ensuring there is in place a clear policy for the engagement of external auditors to supply non-audit services.
- Regular monitoring of key performance metrics aligned to the delivery of the service.

3.1.4 Counter Fraud

3.1.4.1 The Committee will satisfy itself that the Trust has adequate arrangements in place for counter fraud, bribery and corruption that meet NHS Counter Fraud Authority's standards and will review the outcomes of work in these areas.

3.1.4.2 Specifically it will:

- Approve the Trust's Counter Fraud strategy and Local Counter Fraud Specialist annual work plan, including the resources allocated for the delivery of the strategy and work plan.

- Receive and review progress reports of the Local Counter Fraud Specialist against the four principles of the overall NHS Counter Fraud Strategy.
- Monitor the implementation of management actions arising from counter fraud reports.
- Receive and discuss reports arising from quality inspections by the counter fraud service.
- Make recommendations to the Trust Board as appropriate in respect of counter fraud at the Trust.
- Receive, review and approve the annual report of the Local Counter Fraud Specialist.

3.1.5 Other Assurance Functions

3.1.5.1 The Committee will review the findings of other significant assurance functions, both internal and external to the Trust; and consider the implications to the governance of the Trust.

3.1.5.2 These will include, but will not be limited to:

- Any reviews by Department of Health and Social Care arm's length bodies, or regulators and inspectors, - for example the Care Quality Commission, NHS Resolution etc.
- Professional bodies with responsibility for the performance of staff or functions – for example, Royal Colleges and accreditation bodies.

3.1.5.3 The Committee will review the work of other committees within the Trust, where their work can provide relevant assurance to the Audit Committee's own scope of work. In particular, this will include the four other assurance committees of the Trust Board (Finance and Performance, People, Charity, Quality, and Patient and Carer Experience Committee).

3.1.5.4 In reviewing the work of the Quality Committee, and issues around clinical risk management, the Audit Committee will wish to satisfy itself on the assurance that can be gained from the clinical audit function.

3.1.5.5 The Committee will review and make recommendations to the Trust Board for any changes to the Standing Orders, Standing Financial Instructions and Scheme of Delegation.

3.1.5.6 The Committee will examine the circumstances associated with each occasion when Standing Orders are waived.

3.1.6 Management

3.1.6.1 The Committee will request and review reports, evidence and assurances from directors and managers on the overall arrangements for governance, risk management and internal control.

3.1.6.2 The Committee may also request specific reports from individual functions within the Trust, for example, clinical audit, as may be appropriate to the understanding of the overall arrangements.

3.1.7 Financial Reporting

3.1.7.1 The Committee will monitor the integrity of the financial statements of the Trust and any formal announcements relating to the Trust's financial performance.

3.1.7.2 The Committee will ensure that the systems for financial reporting to the Trust Board, including those of budgetary control, are subject to review for completeness and accuracy of the information provided.

3.1.7.3 The Committee will review the Trust Annual Report and financial statements before submission to the Trust Board. It will focus on:

- The wording in the Annual Governance Statement and other disclosures relevant to the terms of reference of the Committee.

- Changes in, and compliance with, accounting policies, practices and estimation techniques.
- Unadjusted misstatements in the financial statements.
- Significant judgements in preparation of the financial statements.
- Significant adjustments resulting from the audit.
- Letters of Representation.
- Explanations for significant variances.

4. Monitoring and Effectiveness

- 4.1 The Committee shall have access to sufficient resources to carry out its duties, including access to company secretarial assistance as required.
- 4.2 It will review its own performance, at least annually, review its constitution and terms of reference to ensure it is operating at maximum effectiveness and recommend any changes it considers necessary to the Trust Board for approval.
- 4.3 As per NHSE/I requirements the Committee will carry out an annual self-assessment to inform above review of its Terms of Reference.
